

## Students' Health Home

The College has regular contacts with local medical practitioners who spare their valuable time in case any person requires medical attention. There is a provision for first aid in the college campus to meet minor accidents. The students pay a nominal fee of Rs 10/- to enrol under the Students' Health Home scheme. Moreover a MoU has been signed with '*Matrisadan*'- a hospital run by the Municipality to ensure that students and staff of the College are provided with discount in case of treatment and priority be given to them as well in urgent situations.

The Students' Health Home, in collaboration with the NSS Unit of the college and the Students' Union, regularly organises Thalassemia awareness and detection camps, Voluntary Blood Donation camps. It also celebrates National AIDS Day ( 1<sup>st</sup> December) and World Health Day (7<sup>th</sup> April) with external and internal resource persons delivering lectures and presentations on these issues.
