## Vision, performance and thrust of the institution:

The establishment of the college, Netaji Satabarshiki Mahavidyalaya, was the fulfillment of a dream long cherished by the eminent personalities and educationists of the township. The teaching-learning and evaluation and infrastructure of the college are conducive to academic upliftment. It has struck a chord among the neighboring schools and colleges. The results of university examinations speak for our attainment despite being saddled with shortage of funds, manpower and infrastructure. The college has earned a name among the higher education-seekers so much so that boys and girls from far-flung areas and from among minority and under-privileged sections of the population seek admission to get into the 1st semester classes of BA and BSc. The minority and backward class students comprise the larger portion of the roll-strength and thus it is our responsibility to reach out to these students and address their aspirational need.

Students of this college earn distinction regularly in university examinations as teachers and college authority prioritize academic progress. Our students are also encouraged to develop themselves in extra-curricular activities through annual sports and different sports tournaments and through cultural programs, organized in the institution every academic year. The thrust of this institution is aimed at making it a centre of quality education through an all-round development. The Institution provides adequate measures to make sure that all round ability of the students are nurtured through effective physical education and yoga classes. The functioning of the gymnasium has also gone a long way in promoting such culture. The Music department also provides ample opportunities to the students to bring forward their cultural prowess and inventiveness in the field of creative and performing arts. This helps the students in public performances and helps them to remove the fear in them to come forward and participate in various wakes of life.
